

THE SPIRITUALLY EVOLVED MAN AND WOMAN

Mother Clare Watts Shows Us the Future in an Upcoming Seminar

When *What is Enlightenment Magazine* wanted an expert on the future of male evolution, they called upon Mother Clare Watts. Her answer, in the August 2008 issue, was a fascinating look into the future for men, as well as for all humankind. After elaborating on some of the areas in which she sees men growing – bodily control, emotional maturity, clear thinking, productivity, and intuition, to name a few, she stated, “He’ll be one unto himself, having completion within his spirit, needing no one outside himself to make him complete—a beacon of light and hope to all who meet him.”

Now, by popular request, Mother Clare will give a seminar in Milwaukee and expand this discussion for both men and women, to teach us about **'The Spiritually Evolved Man and Woman.'** How are spiritual men and women the same and how are they different? What does this bright future look like, and how can we begin to embody it now?

A nationally renowned speaker and author, Mother Clare Watts is a Master Teacher of Christian Mysticism, as well as a Certified Professional Midwife, Marriage and Family Therapist with Jungian training, Co-Director of a global peace-making initiative called, The Sophia Peace Center, and Co-Director of a Mystical Christian Order with Centers of Light in 15 cities.
